

Q4: He says: "The reality in the saying of Allah (may He be Exalted): ﴿ Then he [Jibrīl (Gabriel)] approached and came closer ﴾ is that the Messenger of Allah (peace be upon him) is not different from Allah (may He be Exalted). Therefore, you should not allege that there were two entities. The Prophet (peace be upon him) did not see but himself." Guide us to the truth.

A4: The truth is that the one who approached and came closer was Jibril (Gabriel) (peace be upon him) until the Prophet (peace be upon him) saw him. There is a Sahih (a Hadith that has been transmitted by people known for their uprightness and exactitude; free from eccentricity and blemish) report from the Prophet (peace be upon him) in this regard. He who alleges that the one who approached and came closer was Allah commits a grievous mistake. Saying that there are not two entities and that Muhammad (peace be upon him) did not see, at that time, but himself is pantheism which is an explicit disbelief as it was mentioned.

Lastly, it becomes evident that he who believes in what was mentioned in the questions above is at fault.

Moreover, he who holds this view is not a believer let alone being from Ahl-ul-Sunnah wal-Jama`ah (those adhering to the Sunnah and the Muslim community). He is a disbeliever who abandons Islam even if alleges that he is a Muslim.

May Allah grant us success! May peace and blessings be upon our Prophet Muhammad and upon his family and Companions!
